Jennifer Racicot - On-Camera Performer, Writer, Producer

I worked with Sia, at YTV.

Sia was the one who hired me. She was my producer on YTV's the TreeHouse for years. Sia saw in me something special and taught me how to express that on live television. No easy feat. She guided me, supported me, and most of all, trusted me. She always handled herself with confidence and grace, a true team leader. Sia has the ability to harness her raw passion and creativity and channel it into a working machine. I would work with her again in a heartbeat, and give her my highest recommendations. She is truly gifted.

Jennifer Racicot

"PJ Katie" - YTV (creator and star of PJ Katie's Farm)

Andrew Baxter - Director, Director of Photography

I worked with Sia at YTV. In my almost 30 years in the media world there are only a handful of people who I would consider unwaveringly dedicated professionals. Sia is the type of person who commits every fiber of her being to whatever she is involved in. She embodies the very definition of loyalty. Loyalty to the work, loyalty to the company she works with and for, loyalty to the people she interacts with on the job. With Sia you are guaranteed that she will find a way, or make a way to get whatever is required done. Rest assured it will be done well and thoroughly. I have respected Sia's work ethic since the day we met. What makes her even more remarkable is that she does all of this while at the same time being one of the kindest most honest people I know. She's a one of a kind!

- Andrew Baxter, Director/Director of Photography. Lightspeed Entertainment Inc.

Jehanne Languedoc - Marketing /PR, Bruce Cockburn, Barney Bentall

I worked with Sia on various projects for many years. Extremely thorough, professional and engaged ... for many years in the music business. Extremely ...

Kathryn Murray - Producer / Artist

I had the absolute pleasure of working with Sia Petropoulos at a production company in Toronto called Enter The Picture Productions. Although we worked on a number of shows together, we spent the majority of our time working on The Ron James Show. (CBC Television)

Sia is not only a dynamic and passionate individual who is not afraid of a challenge, but is also the most hard working individual I have ever encountered in my professional career. She handles each task with efficiency and professionalism and was able to juggle an intense role as Producer for a specialized segment in the show called "Ode to the Road." Among many things, she was responsible for coordinating all story elements, pre-interviewing all on-screen talent and had the difficult task of managing and organizing all logistics, including but not limited to the selection of filming locations, booking travel, accommodations and equipment, liaising with the team to ensure the schedule and requirements were met and troubleshooting any problems along the way.

I would highly recommend Sia for any position within any company and am honoured to be a character witness for her.

Patty Sullivan - On Camera Performer, Actor, Writer, Producer

I had the great pleasure of working with Sia Petropoulos at TVOntario. She worked as the Producer / Director for the two kids crawlspace.

As one of the Hosts of the show, I was thrilled to have such a talented and dedicated leader. The moment she arrived, Sia set goals for both the team and the show, and she encouraged all of us to aim higher. On a personal level, Sia urged me to develop my own producing and directing skills and it is thanks to her that I am now working both on-camera and behind the scenes.

Sia brought new energy and enthusiasm to our team, not to mention an unending supply of creative ideas. I believe talent and crew worked harder when she was around. I would highly recommend Sia for any position that requires organization, leadership, and creativity. Sia's compassionate nature and sense of duty are sure to inspire all those who work with her.

Ericka Hannah - Producer / Director

I had the pleasure of working with Sia Petropoulos at TVOntario. At the time I was working as her Assistant Director and was able to observe her many talents first hand. Her enthusiasm and passion for her work was inspiring and her years of experience and organizational skills, set her well above any other Producer/Director I have ever worked with.

Her words of wisdom and encouragement have helped me to make the leap from Assistant Director to becoming a Producer/Director myself. I feel that I have learned much from her great example, from dealing with both talent and crew to setting goals that will make your show the best it can be.

Jenn CoDyre - Producer, Writer, Director, years on “Uh Oh” together

I had the pleasure of working closely with Sia Petropoulos for many years as her Production Coordinator and Associate Producer on various projects. Most of my producer skills today have come from working alongside Sia; professionalism, efficiency, effective multi-tasking and mainly, integrity.

Further to that, Sia has an exceptional knowledge and respect for youth. As part of a show Sia Co-Produced for YTV, we travelled across Canada educating youths on our medium and involving them in our production. Sia did not take lightly the effect she could have on our youth and made sure she had a positive impact on the children of our country - both in person and by what she Produced on screen for them. Sia comes with my enthusiastic recommendation.

Thank you to all my cherished Colleagues for these kind words. Looking for work is hard! These words are a beam of light and mean a lot! Please know, I have the same amazing memories of working with all these gifted Artists. All of you, hard working, dedicated, kind, and talented to say the least. Sending love.
